**The Undergraduate Advising Office is located in:
Rauch Business Center (37) Room 395
The office is open 8:15 AM to 4:45PM
(advising by appointment)**

The office will be closed September 5, 2022

Advising Updates

B.S., Business and Economics Students:

Upcoming Advising Appointments

Important Note: Masks are still required for all in-person meetings and screen sharing will be limited. If your meeting will require or benefit from screen-sharing, please select 'Zoom' when making your appointment. If you select "In-Person" and are feeling ill, please email your advisor to change the modality of the appointment time or reschedule for a later date.

Beginning this week, we are now offering 30-minute Academic Planning appointments. These longer meetings are perfect for planning out your long-term academic goals, checking in on short term concerns, or just getting to know an

academic advisor! These appointments can be scheduled up to two weeks in advance or prior to 24 hours of the appointment time via [AdvisorTrac](#). Same day appointments cannot be accommodated, so please plan accordingly.

Your Fall Schedule

Dropping Classes:

The drop deadline for the fall semester has passed. If you no longer want to be enrolled in a course, you must submit a [Course Withdrawal form](#) and the course will be assigned a grade of "W." This will count as an attempt at the course and continue to appear on your transcript. The grade of "W" will not impact your GPA. The last day to withdraw from courses is Friday, November 4th.

Please refer to the [academic calendar](#) for other important dates.

Adding Classes:

If you are still seeking enrollment in a specific course, please contact an advisor for any late add requests. An advisor will walk you through the Standing of Students (SOS) petition process. **Submitting a late add petition is not a guarantee of enrollment.**

Tutoring for the Fall Semester

Business Core Tutoring:

The [Tutoring resources page](#) has been updated for the Fall 2022 semester. We will update the offerings throughout the semester on an as-needed basis. Core course tutoring includes ECO 001, MATH 081, ECO 045, 100-level ACCT courses, FIN 125, BIS 111, and the 100-level ECO courses.

New This Year:

The Center for Academic Success has recently launched a Study Group program that facilitates connections between students seeking a study group/partner. They are piloting this program with 5 courses including ECO 001 and MATH 081. [Click here](#) to learn more about the new offering and to sign up for a Study Group!

Major Course Tutoring:

Please contact the department and/or individual course professors for major course work support.

First-Year Students

It's not too late to [sign up to get a HAWKS Peer Mentor](#) through the Mentor Collective! Being paired with a HAWKS peer mentor is a great way to connect with the larger Lehigh community and build connections with someone who has walked the Lehigh Business path before!

Advisor Reminders

As a friendly reminder, while you are assigned a primary advisor, we have an Open Advising model. If you have any questions, please call (610) 758-3400 or email

businessadvising@lehigh.edu.

Any advisor is available to assist you through email, appointments, and the Business Advising Email account. Should you need to locate your primary advisor, please find the breakdown for BSBU students below:

Last name B-H: Emily Enters-Dake

Last name I-P: Kinsey Hallinger

Last name A, Q-Z: Kerry Madden McCann

Click [HERE](#) to view the events happening this week on Handshake
Don't miss your chance to connect with these companies:

SMBC, UBS, KPMG, Deloitte, PIMCO, PwC, McKinsey & Co, CohnReznick LLP, Aronson, Deutsche Bank, BNP Paribas, Prudential Financial, and Crowe LLP! Join employers to learn about opportunities and network with recruiters.

Follow us on Instagram [@LehighCareerCenter](#)

Watch for the **#hirelehigh** and get updates on events, recruiter details, student stories and other career info.

MFE PROGRAM

The **Lehigh MFE program** is a cutting-edge, 31 credit-hour program designed to provide a strong education in advanced finance and quantitative financial analysis tools using key concepts from financial theory, applied mathematics, and engineering.

With these building blocks, graduates will become instrumental in the creation of innovative solutions for real financial problems, using state of the art analytical techniques and computing technology.

The MFE curriculum is intended for career opportunities in areas such as portfolio management, securities trading, investment banking, risk management, and financial information systems.

The MFE program has been ranked in the Top 25 for Best Financial Engineering Programs by QuantNet in 2022. Learn more about career opportunities from hiring companies and alumni at one of our [Guest Speaker series](#).

Coffee Chat with the Program Director

Wednesday, September 14, 2022

12:00-1:00 PM

[Register Here](#)

For more information on the MS in Financial Engineering program and the accelerated option for Lehigh students, please contact Shawn Kennedy, graduate recruiting manager, at srk519@lehigh.edu or visit [here](#). Applications for Spring and Fall 2023 are now open!
